RAILROAD STRIKE IS HELD ILLEGAL

Vice President of Brotherhood
of Railway Trainmen Orders
Men Back to Their Work

ONE STABBING RESULTS

President Is Advised of Whole
Situation by B. M. Jewell,
Chairman of R. R. Committee

Chicago, April 2.—A meeting of
"local" members of the Brotherhood
of Railway Trainmen called today by
B. M. Jewell, vice president of the
organization, was broken up by strik-
ing switchmen, whose walkout last
night crippled freight service on the
Chicago, Milwaukee and St. Paul rail-
road. A. T. Gallagher, chairman of
the brotherhood, was ejected.

Mr. Jewell said the strike was un-
authorized and ordered the men to
return to work. Demands for \$1 an
hour for foremen, 95 cents for switch-
men, time and one half for overtime
and double time after eight hours
per diem were made by the 650 strik-
ing switchmen.

The strikers, who asserted they re-
sisted individually, also asked the re-
signment of Charles Granau, presi-
dent of the Chicago Yard Masters' union.

Granau was forced to resign from
the brotherhood during the war, offi-
cers say.

The stabbing of Ralph O'Neil, a
switchman, today, was believed by the
police to have been due to a strike
punch. O'Neil was in a serious con-
dition tonight with three knife
wounds.

The strike has not affected passen-
ger service, railroad officials said.

G. R. I. & P. Holds Refraining

Chicago, April 2.—A referendum
on working agreement was taken by
members of the Brotherhood of Rail-
way Trainmen, employed on the Chi-
cago, Rock Island and Pacific rail-
road, will be counted tomorrow. A. F.
Whitney, vice president of the brother-
hood said tonight.

Wage increases are not involved in
the vote according to Mr. Whitney.
Should the brotherhood members vote
to reject the present working rules,
the matter would be turned over to
the general grievance committee for
action, he said.

Mr. Whitney denied reports that a
secret order had been sent out for a
strike of trainmen on the Rock Island
system.

N. & W. Shopmen Confer

Roanoke, Va., April 2.—Railroad
and union officials held several con-
ferences today and tonight regarding
the strike on the Norfolk and Western
railway, but what progress was made
toward settlement of demands that
two non-union clerks be discharged
for an alleged insult to a woman em-
ployee was not disclosed.

Trains continued in operation with
regular crews. Company officers said
they had received no official notifica-
tion that the trainmen would refuse
to make further trips on the ground
that unsafe conditions prevailed as a
result of the strike.

Whole Controversy Before President

Washington, April 2.—The whole
railroad controversy was placed before
President Wilson today for the third
time since railroad labor filed its de-
mands for a general increase in wages
last summer.

In a letter to the president, B. M.
Jewell, chairman of the railway com-
mittee, which constitutes the labor
party on the railroad wage board, said
he regretted very much "to advise you
of our failure to obtain any beneficial
results from these conferences."

The employees, Mr. Jewell said, were
deeply disappointed at the position
taken by the railway executives' com-
mittee which announced last night a
deadlock and the withdrawal of the
railroad members from the conference.
Mr. Jewell did not ask the Presi-
dent to let the wage controversy be-
fore the railway labor board, which is
to be nominated by the President, as
provided in the transportation act and
in which the public will have repre-
sentation.

Attached to Mr. Jewell's letter was
correspondence setting forth the at-
titudes of the men and the executives
committees. B. T. Whitler, for the rail-
way executives, wrote that while an
agreement as to wages might be
reached by direct negotiations between
representatives of the roads and the
men, the executives did not believe
Congress contemplated a settlement,
favoring to great an addition to trans-
portation costs without the public be-
ing represented in the conferences.

Jewell Explains Managers' Views.
Replying to this letter, Mr. Jewell
said he believed the reason given by
the managers for terminating the ne-
gotiations was "not in accord with our
understanding of the law."

The attitude of four committee in-
ferring to carry out the wishes of the
President of the United States comes
as a surprise to us," Mr. Jewell wrote
to Mr. Whitler. "It will result in
deep disappointment to our constitu-
ents as well as the general public,
both of whom are parties at interest
and entitled to more consideration
from the bi-partisan board than you
have failed to give."

"We understand from this that your
committee has definitely declined to
assume the responsibility and perform
the duty which is so clearly desired

GERMANS SEEK RIGHT TO ENTER RUHR AREA

Essen Reports Terrorist Bands
are Looting Food Trains and
Shops Generally

Paris, April 2.—Doctor von Mayer,
the German charge d'affaires, visited
Premier Millerand today and repeated
his former request for authorization
for the entry of German troops into
the Ruhr region. He informed the
premier that some contingents of the
Reichswehr entered the neutral zone
Thursday, north of the line West-
Duisen.

r. von Mayer explained that this
was done without authorization of the
government on the order of Commis-
sioner Severing and under the same
misapprehension as had caused Chan-
cellor Mueller to believe the French
government has authorized the occupa-
tion of the Ruhr district. The charge
d'affaires added that the Berlin
government had ordered the troops
not to continue their march forward
and said they would be maintained at
the same place they now are if the
French authorized it.

According to Von Mayer, the Reichs-
wehr's effective comprised three bat-
talions of troops and engineers and
some batteries.

Berlin, April 2.—The German gov-
ernment announces in a communica-
tion to the press that it has resolved
to dispatch troops to the Ruhr region
as soon as the entente consents to
such a move. The decision was reached
after a three-hour cabinet meeting today.

The statement declared that this ac-
tion was inevitable in view of the un-
checked lawlessness in the region about
Essen, Dortmund, Dusseldorf and Mul-
heim, which it is asserted had now
assumed such proportions that the lo-
cal authorities and the labor leaders
admit that they no longer are able to
protect the civilian population.

The chancellor said he had received
urgent reports from Essen, where ter-
rorist bands were looting food trains
for supplies. The looting brigades,
the chancellor added, had been dis-
avowed by all parties, even the com-
munist and the independent social-
ists in the Ruhr district.

If the entente agreed to the entry
of the troops, the chancellor contin-
ued, they would act purely in a police
capacity under the authority of Prus-
sian Minister of the Interior Severing.

PATERSON MILLS BURN

Paterson, N. J., April 2.—Fire
tonight destroyed the Jackson mill
occupied by five small silk manufac-
turing concerns. Losses will reach
\$125,000.

In the public interest, and which the
transportation act, as we understand
it, contemplates; that of agreeing in
conference upon rates of pay for rail-
road employees which are just and
reasonable."

Union officials reiterated, that at
the request of the President, they were
"going along to give the transporta-
tion act a fair trial," although they
did not endorse any of its provisions.
They took the position that with the
breaking up of the joint conference,
the whole matter was made more dif-
ficult since the union membership was
becoming restive.

N. & W. Shopmen Walk Out

Portsmouth, Ohio, April 2.—Eight-
teen hundred shopmen at the local
Norfolk and Western terminals walked
out here today in sympathy with the
150 clerks already out. The men,
who went on strike today include car
repairers, machinists, electricians,
blacksmiths, pipe fitters, sheet metal
workers and laborers.

Warning from President Loe

Cleveland, O., April 2.—W. G. Lee,
president of the brotherhood, has wired
J. B. Smith, general chairman of the
organization at Roanoke and
General Manager Jinks of the Nor-
folk and Western as follows:

"Threatened strike of members of
trainmen's brotherhood on Norfolk
and Western is illegal. Our organiza-
tion will support and protect the pres-
ent contract with the railroad until
changed by constitutional methods."

Factions Fail to Agree

Washington, April 2.—A conference
of coastwise shipping interests and
longshoremen which convened at the
department of labor today ad-
journing without having reached
an agreement. Assistant Sec-
retary Post of the labor de-
partment said he saw no hope of
bringing the two sides together and
could see "no other conclusion than
to declare the conference dissolved."

Mr. Post said employees were unwill-
ing to concede from their demands for
an immediate increase in wages and
employers refused to grant the in-
crease at present because they already
are losing money and cannot add to
their deficit.

The murder last Wednesday of
Dennis J. Meehan, a Brooklyn gang-
ster, was connected by the police to-
day with the longshoremen's strike
which has tied up coastwise shipping
for several weeks in Atlantic and Gulf
ports. Frank Madden, business agent
of a longshoremen's local, was held
without bail on charge of killing Mee-
han in his sleep at his home in Brook-
lyn. Meehan was trying to break the
strike by furnishing strikebreakers,
the police are informed. Madden
pleaded not guilty. He said he was
not in Brooklyn at the time of the
murder.

COMPLETE TIE UP OF HARBORS NEAR

Marine Unions Claim that 6,000
Lighter, Tug and Ferry Hands
are on Strike

FERRIES ARE RUNNING

Freight Handlers Lackawanna
Railroad Piers are First to
Quit in Sympathy

New York, April 2.—Railroad
owned ferry boats, upon which New
York city depends for the transpor-
tation of its food supplies, are operat-
ing "practically normally" despite the
marine workers' strike," J. J. Man-
tell, railroad managers representative,
announced here tonight. The tug
boat situation "looks very good" and
normal conditions are expected to
prevail by Monday, he added.

Officials of the marine workers' as-
sociation claimed that 6,000 employ-
ees on lighters, tugs and ferries have
struck and that the vessels now run-
ning are being operated by strike
breakers. Unless the strikers' de-
mand for an eight-hour day is granted,
union officials threatened to
spread the walkout to the longshore-
men's and other harbor workers' or-
ganizations and completely tie up the
port.

Mr. Mantell admitted tonight that
2,000 of the 3,000 men engaged on
ferry boats had answered the strike
call. Thirteen hundred men em-
ployed on barges, he said, had been
automatically thrown out of work by
the walkout.

"The railroads are prepared to
fight the union to a finish," Mr. Man-
tell asserted, adding that the marine
workers will find out that "they are
not dealing with the railroad adminis-
tration now."

Efforts are being concentrated, he
added, to the running of the ferry
boats in order to care for the travel-
ing public and the necessary food
supplies for New York.

Other than causing a few hours de-
lay in the receipt of today's delivery,
the strike failed to affect the city's
milk supply. Officials of the two
largest distributing companies an-
nounced that there was no danger of
an immediate milk famine because of
the walkout.

Freight handlers on two Lackawanna
railroad piers in Jersey City
went out this afternoon in sympathy
with the harbor men. These are the
first workmen of this company to quit.

The New York Railway company
announced that 300 freight handlers
were not at work. This was not due to
the strike, it was stated, but to the
fact that there was not enough work
for the men.

Heavy details of police were on duty
along the waterfront and at ferry
terminals throughout the day to pre-
vent disorder. No outbreaks occurred.

There was heavy congestion at the
Manhattan and New Jersey terminals
of the Hudson tubes which necessitated
the sending of police reserves in
handling the crowd during the rush
hours.

EDITOR KILLED IN DUEL WITH MAN HE INSULTED

Former President of Uruguay
Fires Fatal Shot to Satisfy
His Injured Feelings

Montevideo, Uruguay, April 2.—
Washington Beltran, editor of the
newspaper El Pais, was shot and killed
in a duel today by Jose Battle, for-
mer president of Uruguay.

The duel took place this morning
with the usual formalities and with
seconds and surgeons in attendance.
The weapons used were pistols.
Beltran was shot in the breast and
died shortly afterward.

The morning newspapers today
printed announcements of the im-
pending duel. They said that former
President Battle had sent his second
to Beltran challenging the journalist
because of statements published in El
Pais, which Battle considered offen-
sive. Beltran was a Nationalist mem-
ber of the chamber of deputies and a
leader of that party, which is opposed
to the Battistas. Battle has twice
been president of Uruguay. His last
term was from 1905 to 1910.

"HIP POCKET" IN BAD REPUTE

Possessor So Carrying Whiskey in
Same Category as Burglar, Fed-
eral Court Rules

New York, April 2.—A person car-
rying whiskey in his hip pocket is in
the same category as the outlaw
caught with a burglar's kit, according
to a ruling by Justice Jarvin in the
Brooklyn federal court today. He
held that it is justifiable for an
officer without a warrant to
use as evidence in a federal
case liquor found in the pocket of
a person who had been arrested.

The ruling was made in the case of
Frank Murphy, on whom five half
pint flasks of whiskey were found af-
ter the police had arrested him on a
charge of intoxication. The defendant
was turned over to the federal authori-
ties and prosecuted for alleged viola-
tion of the Volstead law.

PLAN PROMPT ACTION TO DECLARE WAR OVER

Senator Lodge Anticipates Scar-
cely Little Delay in Passage
of Resolution

Washington, April 2.—Prompt
action by the senate of the house
resolution, declaring the state of war
with Germany at an end is expected
by Republican leaders. They had a
conference today to discuss future leg-
islation at this session, and Senator
Lodge of Massachusetts said later
that he did not anticipate any great
delay in the senate.

Mr. Lodge, who returned today
from a brief vacation, said the whole
controversy had been threshed out
pretty "thoroughly" and that he be-
lieved the whole resolution would be
adopted probably with the United Re-
publican support and general opposi-
tion by the Democrats.

The leaders decided at the confer-
ence that army reorganization leg-
islation would be the next measure
taken up by the senate. They expect to
dispose of it by the time the house
has acted on the peace resolution. It
will be followed by the house bill to
increase dye stuff tariff.

Mr. Lodge said early action on the
Anglo-American-French treaty was
not expected and that until the treaty
of Versailles has been disposed of its
consideration was improbable.

A recess of congress over the con-
vention period, Mr. Lodge said, was
probable. Congress hardly can com-
plete its work by June 1, he added,
and would have considerable work to
do after the convention.

INTELLIGENCE BUREAU IS CAULFIELD'S PLAN

Its Aides Could be Employed as
Counsel in State Investigations
Author Contends

Albany, April 2.—A bill designed
to establish an intelligence bureau in
the attorney general's office was intro-
duced in the legislature today by
James H. Caulfield Jr., Republican of
Kings.

"The bill," said Assemblyman Caul-
field, "would authorize the attorney
general to appoint a superintendent
and such other members as are neces-
sary. The bureau would inquire into
matters concerning the public peace,
public safety and public justice."

The intelligence bureau, he added,
could be employed as counsel to leg-
islative committees in any investi-
gation and would eliminate the neces-
sity of employing special counsel
as investigator.

Assemblyman Caulfield asserted
that the introduction of the measure
which requests an appropriation of
\$50,000 was not prompted by the ex-
pulsion of the five socialist assembly-
men.

POLICE LOCATE TWO STILLS AND 15 BARRELS OF WHISKEY

New York, April 2.—Two fully
equipped 50-gallon stills, three vats
with a capacity of 500 gallons each,
two tons of mash and 15 barrels of
whiskey were seized by Captain Wil-
liam Allen Jr., federal prohibition di-
rector from Brooklyn, and a squad of
six men in a raid on a house in the
borough of Queens today.

Captain Allen said the condition of
the stills indicated they had been in
operation for more than a year. Dom-
inico Pippio and Maureli Dominiello
were arrested and held on a charge of
violating the Volstead act.

PASSPORTS NOT NECESSARY

Washington, April 2.—Russians who
wish to return to their native coun-
try, will be permitted to depart on
affidavits of identity, the state depart-
ment announced today, adding that
thousands of Russians have been un-
able to leave heretofore because "of
their inability to obtain passports."
Blankets may be obtained from immi-
gration inspectors and certificates of
compliance with the income tax law
will be required.

RELEASE PRINCE JOACHIM

Berlin, April 2.—Prince Joachim
Albrecht of Prussia, cousin of former
Emperor William, who was recently
arrested and incarcerated in the
Moabit prison, charged with having
fomented an attack on members of
the French commission in the dining
room of the Hotel Adlon, was released
from prison yesterday. The Prince
has been forbidden to reside in Berlin.

STATEWIDE CAMPAIGN

Dover, Del., April 2.—Undismayed
by the defeat of the resolution to rat-
ify the women's suffrage amendment to
the lower house of the Delaware leg-
islature, suffrage leaders today started
a statewide drive in an effort to win
over members of the legislature by
changing the opinions of their con-
stituents.

RELEASE RED CROSS WORKERS

Washington, April 2.—Release of
all American Red Cross workers held
prisoners in Siberia by the Bolsheviks,
with the exception of Alexander C.
Teedie of New York, was reported to
national headquarters. The last re-
port from Teedie said he was ill from
typhus.

SOLDIER RELIEF NOW UNDER WAY

Legislation With Probable Cash
Bonus Provisions Is Approved
by the House Committee

HURRY FINAL ACTION

Special Tax, Probably on Luxur-
ies, Will Be Necessary to Raise
the Bonuses, Tis Said

Washington, April 2.—Soldier re-
lief legislation with probable provi-
sions for a cash bonus, funds for which
would be raised by sales or luxury
taxes, was approved today by the
house ways and means committee by
a vote of 15 to 6. Details of the bill
to be recommended will be worked
out by sub-committees to be appointed
Monday.

Members of the committee hope to
obtain final action by the house before
the contemplated recess for the nation-
al convention, but they express
doubt when action by the senate could
be had at this session.

Senator Lodge, the Republican leader,
after conference today with other
senate Republicans as to future leg-
islation in the senate, said he thought
this would include a bill to give money
bonuses to former service men with
provisions for a special tax to raise
the necessary funds. The program ap-
proved by the house committee de-
clares against any bond issues. It is
understood to have been submitted by
Representative Longworth, Republi-
can of Ohio and was discussed at great
length in executive sessions. While the
exact form of the legislation was not
decided upon, committee discussion
was said to have indicated approval of
a plan of extending vocational edu-
cation as an alternative to the cash
bonus. These two plans are a part of
the American legion's program. Its
other selected plans of government aid
to soldiers and sailors for building
homes or obtaining ownership of
farms was said by some members of
the committee to involve too many
difficulties to be worked out by leg-
islation before the recess.

Spokesmen for the committee said
it was planned to have the final draft
of the legislation ready for submis-
sion to the house within a fortnight.
As no decision was made as to the
amount of the bonus, or the cost of
other plans that might be adopted, it
was said that no estimate of the funds
needed could be made at this time. It
also said that there had been no de-
cision as to "whether the bonus would
be paid in a lump sum or be graduat-
ed according to the length of service
of each individual."

The program is understood to have
the approval of the Republican leader
of the house, assuring early considera-
tion for it.

OPERATORS TO FIGHT UNFAIR COAL PRICES

Profiteering Policies Are Also
Condemned Declares Chair-
man of Scale Committee

New York, April 2.—Responsible
bituminous coal operators "will con-
demn any unwarrantable price and
profiteering policies," Thomas T.
Brewster, chairman of the scale com-
mittee of the bituminous coal opera-
tors declared in a statement issued
here tonight.

"Insinuations that the coal opera-
tors are going to gouge the public
because of the recent 27 per cent ad-
vance in wages as put out by the United
Mine Workers' spokesmen in the
guise of protest in the public interest
are sheer nonsense," said Mr. Brew-
ster.

"During the coal miners' entirely
unwarranted and unlawful cessation
from work, all stocks of coal were de-
pleted and a shortage existed through-
out the country. The replenishing of
stocks has been retarded by a serious
coal shortage. Consequently, large
consumers of soft coal are competing
for the available supply, which has
resulted in the offer of higher prices
than the operators are willing to ac-
cept."

All responsible operators will con-
demn any unwarrantable price or prof-
iteering policy. The bituminous coal
commission having awarded the min-
ers a wage scale giving them very
high earning power, the public now
has the right to demand more work,
an advance coal production and less
cost.

CLINTON MAN IS CHARGED WITH MURDER OF KELLEY

Utica, April 2.—William Neuble of
Clinton was arraigned before Justice
of the Peace Biston in Herkimer at
midnight tonight, charged with the
murder of Clarence Kelley of Leroy.
Neuble's wife, who also was taken
into custody this evening, made a
deposition the police say, in which
he charges her husband with the
murder and gives alleged details of
the crime. The body of Kelley, a
salesman, was found beside the New
York Central tracks at Harbor, a few
miles east of Utica, on November 30
last. Neuble is a millwright and is
10 years old. He asked that Assem-
blyman Louis M. Martin of Clinton
be secured as his attorney.

DUBLIN REVOLT FAILS DESPITE EASTER SCARE

Resignation of Chief Secretary
for Ireland Occasions
Scant Attention

Dublin, April 2.—The situation in
Dublin today was normal. There was
not the slightest sign of any Easter
rising, rumors concerning the possi-
bilities which recently became so gen-
eral as to provoke questions on the
subject in Paris.

The resignation of James Ian Mac-
Pherson as chief secretary for Ireland
did not cause a ripple of excitement
here. Irishmen regard Field Marshall
Viscount French, the viceroy, as sole-
ly responsible for the direction of af-
fairs and seem not to be interested in
Mr. MacPherson's successor. Some
fears are entertained that there may
be trouble in Cork when the result of
the inquest into the death of Lord
Mayor MacCurtain, who was murder-
ed last week, is announced. The in-
quest suit is proceeding.

The new field marshal, Sir William
Robertson, who, it has been rumored,
is likely to succeed General Sir Freder-
ick Shaw as commander of the
troops in Ireland, is on a visit to Bel-
fast with Lord Dvornoy. They are
stopping with Lord Pierre.

The lord mayor of Dublin has re-
ceived a letter from Premier Lloyd
George, dated March 31, alluding to
the possibility of securing evidence in
the ordinary way calculated to lead to
the arrest and conviction of murder-
ers in the formidable campaign of
terrorism now menacing Ireland.

The letter says this fact places the
executive under great difficulty, be-
cause they do not desire to arrest the
guiltless. On the other hand, it adds,
the first duty of the executive is to
leave no stone unturned, to lay hands
on those terrorizing society, and it
may therefore be necessary to dislo-
cate in some degree the normal life
of the community.

GILLETTE BEER BILL BROUGHT UP AGAIN

Manufacture Would be Carried
on Under Jurisdiction of State
Health Department

Albany, April 2.—Colonel Ransom
H. Gillette, Republican member of the
assembly from Columbia county, to-
day reintroduced his light wine and
beer bills in the legislature, amended
so as to include suggestions by As-
semblyman James H. Caulfield Jr., Re-
publican of Kings. Under the pro-
visions of the bill as now drawn, the
manufacture of beer would be under
the jurisdiction of the state depart-
ment of health and would have to be
made of pure malt and hops.

Colonel Gillette's action in reintrod-
ucing the bill with the amendments,
he said, was the result of the assen-
bly excise committee's action last
night in voting not to report any of
the light beverage measures before it,
20 in all.

Assemblyman Gillette said tonight
that he would wait a little while longer
to see what action is taken by the
rules committee when it takes over
all legislation still in the standing
committees next week. He indicated
that he might move to have the rules
committee discharged from considera-
tion of the bill if it was not reported
out.

SLAYS WOMAN COMPANION THEN ENDS LIFE IN POND

Middletown, April 2.—E. Edward
Leary of Hoboken, N. J., today shot
and killed Mrs. Harold J. Grayson of
Paterson, N. J., while they were rid-
ing in an automobile near Tuxedo,
N. Y.

With the body and Mrs. Grayson's
12-year-old daughter in the automob-
ile, Leary drove on for two miles and
then drowned himself in a pond near
Bear Mountain road. The child notifi-
ed a farmer of the tragedy and the
bodies were taken to Tuxedo.

Leary, who had been employed as a
bookkeeper in New York had known
the Grayson family for many years.

N. & W. SHOPMEN QUIT

Columbus, April 2.—Almost 300
shopmen employed by the Norfolk
and Western railway at the local ter-
minal and at Portsmouth struck to-
day in sympathy with the brother-
hood of railway clerks, whose mem-
bers went out March 22. Union offi-
cials predict a complete tieup of the
system within a few days. Passenger
trains still were running but freight
transportation was badly crippled.
No cars for connection are being ac-
cepted by the company.

ALLEGED MURDER HELD

Steuersville, O., April 2.—Mike
Inunkuk, charged with the murder of
12-year-old Frances South at Adena,
March 25, was held for the grand jury
without bond late today, after a pre-
liminary hearing in the coroner's jury.
The jury convenes next Monday.

FILE HOOVER PETITIONS

Helena, Mont., April 2.—Nominat-
ing petitions to place the name of
Herbert Hoover on the ballot at the
April 23 primaries in Montana for
Republican candidate for President
were filed with the secretary of state
today.

FISHER FOOTBALL COACH

Cambridge, Mass., April 2.—Rob-
ert T. Fisher was reappointed foot-
ball coach at Harvard today.

"RIGHT WORD"

OFTEN HARD TO CHOOSE

Study of Dictionary Is a Profitable Habit for Business Men

Inability to choose the right word often places a speaker in an embarrassing position. Many business men lose much valuable time because they find it difficult to express what they want to say when they dictate and correspondence. Greater freedom and accuracy in speaking and writing can be acquired by studying a dictionary. A few minutes devoted to the study of words and their meaning each day will in a short time result in a great benefit to any one who will put that practice to a test.

The New Universal Dictionary being offered to readers of this paper is particularly adapted to aid those who wish to acquire greater familiarity with the English language. It contains all the new words which have come into common and proper use in recent years. Its definitions are simple and accurate, making it possible to choose words that will best serve the purpose of correct speaking and writing. Many of the new words that have been brought into use through such specialized activities as war, aviation, golf, baseball and other forms of sports have been conveniently classified in supplementary dictionaries.

An Easter Caro' by Minna Irving

Avalah! A shaft of heavenly fire Has touched the cloud and tipped the spire. The frosty clod no more is cold, The violet stirs beneath the mold, For this is Easter morning!

Arise! The buds begin to swell, From bank and brake and field and fell. A clear and joyous anthem floats From scores of little feathered throats, For this is Easter morning!

Behold! The soul of man today Casts off the sepulcher of clay And, crowned with lilies, mounts the skies To walk with God in paradise, For this is Easter morning! (Copyright, 1919, Western Newspaper Union.)

WATER FED FIRE

Case Where Liquid Was of No Use to Quench Flames.

Metallic Sodium in Vessel's Hold Merely Blazed More Fiercely as Streams From Fire Hose Reached It.

It is said that, for the most part, water if applied in sufficient quantities will eventually quench any fire. In some cases, however, water not only proves ineffectual but actually kindles and nourishes the fire.

When a freighter, the Hardy, steamed out of Le Treport, France, some years ago she carried, besides the mineral water in her hold, a number of small wooden cases marked "metallic sodium."

Now, the channel was rough. The vessel rolled and pitched violently. The captain saw that the ship was listing to port, and suspecting that the cargo was shifting, sent a boatswain below to investigate. As the boatswain entered the hold he saw that several cases of mineral water had broken and that the water was swishing about in the hold. Then suddenly he saw one of the wooden cases marked "sodium" burst into flame.

Immediately he gave the alarm, and the crew rushed to their fire stations. The captain directed the men to turn the hose into the hold. As the first stream of water struck the burning case there were several explosions as package after package within the case caught fire. By this time two other cases of sodium had broken open, and their contents, as they came in contact with the water from the hose, burst into flame.

The crew could not believe their eyes. The more water they poured on the fire, the more intense grew the conflagration. Then suddenly two cases flew into the air, crashed against the overhead beams and spread out in sheets of fire, the smaller pieces dropping back only to bounce and dance about, huge balls of flame in the bill-swamped hold.

The superstitious crew was fast becoming unmanageable, and the captain saw that in any case he must abandon the ship. He ordered the crew to the boats not a moment too soon, for as the boats rowed away from the blazing hulk several loud explosions came from the hold. Then there was one mighty detonation; the freighter broke in two and plunged out of sight.

Japan and Baseball.

Japan is one of the few nations of the earth that has adopted the "national pastime" of the United States, the game of baseball, which grew up, in its present form, in the latter country. The game has been transplanted, has taken root, and is thoroughly flourishing in the island kingdom. But the Japanese, according to one of them, recently traveling in America, are making all their baseballs by hand, not yet having perfected any machinery for manufacturing them. This sojourner, who is a mechanical expert, was much interested, while on his trip, in learning the method by which the balls are made. The playing of the game in Japan, says this traveler, is widespread. A few years ago two of the Japanese universities sent teams to the United States, where they engaged in competition with American university nines. Their ability was marked, and their sportsmanship excellent. The common interest of the people of the two nations in this sport has been recognized as a possible source of increased understanding between them.

Will Never Show.

Joe Hawkins of the Auto Sales company, is a believer that appearance is 95 per cent of the game. The other day he was demonstrating a very classy six-cylinder car to a man and his wife. The wife was very much taken with the appearance of the car; the husband was still a long way from being sold.

As they were coming down Mendham street one of the cylinders started missing. Hawkins, trying to apologize for the behavior of the engine, said: "One of the spark plugs must be broken for one of the cylinders is missing."

The wife spoke up. "That doesn't matter much. The cylinders are all under the hood anyway and if one of them is missing it will never show." —Indianapolis News.

Chinese New Year Customs.

On the occasion of the new year, the Chinese exchange the greeting, "Kung Hai Fat Tsoy," meaning "Congratulations; may you collect wealth." The word "tsing," meaning "hail," is repeated by them numerous times. During the celebration of the new year, all secret societies and guilds, whose rivalry is often very bitter, declare a "Truce of the Gods," when no man may attack his brother. This is generally respected by both the hunter and the hunted, who are glad of a relief.

Use Stones as Money, Says This U. S. Marine

San Francisco—Stones, flat smooth ones, with holes drilled in the center, constitute the form of money the Yaps use, according to Marine Corps Sgt. Albert Brenahan, who just returned from the Orient and who was a visitor recently at the Island of Yap, a tropical isle in the Pacific, used as a trans-Pacific cable station. "A Yap dollar stone weighs two pounds," adds the marine. "When the natives get on top of a mountain and pitch pennies it reminds one of a landslide."

MILLER-STRONG DRUG CO.

20 STORES

The financial statement of the Miller-Strong Drug Co. may be seen by those interested in the company or its investments. The statement shows a very substantial amount of ready cash to do business on and a net worth of considerable amount. The various stores of this company have shown this past year a healthy increase in total sales over the year 1918, and what is most indicative of the excellent business management of the company is the fact that the original stores—those longest in possession of the company—had the largest increase in business. With the increasing facilities for doing business and with the added prestige, a substantial increase of sales may be expected each year. Since the Miller-Strong Drug company has manufactured practically all of the bulk candy used in their stores, the exceptions being certain advertised brands of boxed chocolates. Some time ago this branch of the business was moved to Buffalo and operated in connection with the office and warehouse. Today fourteen people are devoting their entire time to the manufacture of all kinds of bulk candy, including chocolates which are put up in a variety of sizes, as well as sold in bulk. Peanuts are purchased several tons at a time and roasted as needed. A variety of cough drops are made and boxed and sold at popular prices. A retail candy store, which by the way turns its merchandise every three days, is located in front of the manufacturing part and supplies a daily increasing trade.

The photo work for all the stores is sent daily to Buffalo and finished by experienced hands. The excellent work of this department for the past five years is shown in the large and increasing amount of business done for the stores, as well as for outside concerns.

The offices, stock room, candy manufacturing and photo departments are in the same building at 327 Washington street, Buffalo, N. Y., which results in many economies—and it is these savings in time and overhead that have had so much to do with the success of the chain store organization.

The Miller-Strong Drug Co. has passed through the period in their up-building, where methods had to be tried out to determine their value, and a certain amount of waste of time and money expended to get the greatest degree of efficiency.

Today an excellent organization takes care of the old and new business quickly and accurately. Daily sales slips give an accurate record of business done in each individual department and all expenditures of a regular nature or emergency are accounted for on contingent blanks furnished each store. Every four weeks an inventory is taken of soda fountain products, cigars and tobacco, and candy. These departments are subject to the greatest depreciation, therefore are carefully checked at regular periods.

The inventories for the month of February may be seen by interested parties as may the sales blanks, payroll blanks, contingent slips, photo blanks, order blanks, etc.

With very little increase in office force and equipment, the Miller-Strong Drug Co. can take care of many additional stores. An investment in the company now will pay 7 per cent to preferred stockholders for years to come, while the security behind it grows. A limited amount of common may be had with the preferred for a while.

Investments could have been made in the beginning in practically all of our greatest mercantile and manufacturing businesses. Having seen the possibilities in the retail drug business and knowing the men in this company, one is immediately impressed by the fact that in this instance, able and experienced business men are engaged in the development of a business that is bound to grow to very large proportions in a few years.

The remainder of this stock will be sold in a few weeks. Those who are interested in this company should learn all about it by inquiring at the address given below.

CITY AND COUNTY COMMENT.

New Bank President at Cooperstown.

The election on Thursday of this week of George H. White as president of the First National Bank of Cooperstown has in the last two days been largely commented upon, and the fact that he was elected without a dissenting vote has been noted. The election was held at the bank building, and the fact that he had in high degree the esteem of patrons of the institution, made him the first and only name to be considered in the choice of an official head for one of the largest financial institutions of the county.

Mr. White enters upon his new duties with the confidence and respect of only of patrons of the institution, out of the entire banking fraternity of the county. The First National is an institution which, founded ninety years ago the present summer, has always had liberal patronage and excellent standing at home and abroad. Public confidence, however, is a thing which, gained by years of effort, may in a brief time be destroyed; of which fact a banking incident of only a few years ago in Oneonta is striking evidence. For this reason it is genuine pleasure to know that when the election of a new president here is necessary at Cooperstown, the choice fell upon one familiar with the affairs of the bank, of sterling integrity and on whose judgment every patron of the bank can rely.

The City Assessments.

As previously has been noted, and is by everybody well known, the authorities of the city of Oneonta, like municipal authorities elsewhere, are more or less perplexed over the problem of how to meet necessarily increased expenditures on what is practically a fixed budget. The salaries of employees have been increased, or must be, if the needed number of men is to be retained in the various departments, and there is also the steady increase in cost of all kinds of supplies which the city must purchase.

To meet these conditions there were from the first only two possible alternatives. One was a change in the city charter by which the limit of ratio of one per cent should be increased. The other was an increase in the assessed valuation of city property. It is doubtless too late to get a bill through the legislature increasing the tax levy by means of a charter amendment. It therefore appears that if the city is to have funds enough for a satisfactory administration of its several bureaus, it must be secured by means of the second alternative. This method the city authorities have doubtless in mind; and it may well be that a moderate readjustment of valuation will result in such an increase of the tax money as will enable Oneonta, with judicious expenditures to get along.

Double Time Troubles Everybody.

The different standards of time under which the state generally is operating is occasioning a great deal of inconvenience and it is hoped that before long everybody will get down to one system and will have clocks running just alike. As it now is, with daylight saving in Pennsylvania and other adjacent states, and with standard time or not, just as one pleases, in New York, there is much confusion, and nobody is satisfied. The legislature still has time to act if it pleases, but it is by no means certain that it will do so.

In the meantime the suggestion is made by opponents of the change that nobody is confined to the clock as regards the hour of rising, beginning work or ending it. If merchants or manufacturers, singly or collectively, desire to open their stores for business at six or seven instead of seven or eight, as now, there appears to be no reason why they should not do so. The result, they say, would be just the same, and everybody adopting the plan would have the same afternoon period for rest or recreation.

Time and the Spring Primaries.

As will be noted by a news article elsewhere, the double time standard is making trouble with the spring primaries, since nobody has definitely announced from Albany what is to be done as regards the time of opening and closing—this is, whether standard or daylight saving time is to be used. The secretary of state declines to give directions, but suggests that the time in current use be used. Under this plan Oneonta will probably all vote on standard time, since in few if any of the towns of the county has there been any setting of clocks ahead.

Pilgrimage to Syracuse.

On Friday, April 3, Kalurah Nobles of Binghamton and affiliated members in this section with uniformed patrol will make a pilgrimage to Syracuse to attend Ziyara ceremonial, at which Imperial Potentates J. Freedland and Kendrick will be present. A special train will leave Binghamton for Syracuse over the D. & W. road at 12:30 or 1 p. m.

O. H. S. BOYS DOWN BINGO

EAMLY VICTORIES IN LAST NIGHT'S GAME, 21-21.

Oneonta Team Always in the Lead. With Perry Doing the Basket Work. Battle Brings to Close Successful Season for Local High School.

The Oneonta High School basketball team closed a successful season last night by defeating the Binghamton team in a game played on the local court. The game was a first one, but not exciting, as the O. H. S. boys were in the lead all the way through and this lead was never seriously threatened.

The local players started off with a rush and had things their own way for a few minutes, getting several baskets before the Binghamton team got started. Once in the lead, O. H. S. never fell back and had little difficulty in carrying away the game. At the end of the first half, the score stood 11 to 5 in Oneonta's favor and at the end of the game 21 to 21. The battle was a rather rough one and a large number of persons fouls were called. Palmer, an Oneonta forward, being dropped near the end of the game for having exceeded the limit.

Assistant Captain Perry was here at the end of the game, and he was the only player who was not fouled. He was the only player who was not fouled. He was the only player who was not fouled. He was the only player who was not fouled.

Last night's game brought to a close a season which may be considered a success in every way for the Oneonta High School. The team has won 15 of the 21 games played and has maintained the clean sportsmanship in which O. H. S. prides itself. The game as a whole has been fast and interesting, and in every way creditable. Athletic Director Taylor, in addition to the members of the team, is to be congratulated on the successful record made and it is hoped that another year will see a repetition of the successful season of 1919-20.

Drives Home Twin Six.

Cornelia C. Moore of Unadilla was in the city yesterday en route home from Albany, from which city he drove home a Pickard Twin Six of the latest model, equipped with disc wheels. He was accompanied on the trip by Mr. and Mrs. W. J. Topliff, Miss Moore and Charles C. Flaesch Jr. The roads are reported as in good condition, though on Berno mountain they drove through some snow drifts that are still as high as the top of the car. The drifts have been shoveled out and no trouble is experienced with careful driving. The new car has an abundance of power.

Mr. Burd Appointed Director.

Rev. Norman S. Burd, pastor of the West End Baptist church has been appointed by the county director for the Inter-Church World movement as inter-church director for the city of Oneonta. This is not an office sought by Mr. Burd, but he feels that as such director, he needs the most hearty support from all the pastors and people of the city, that Oneonta may do herself proud in the big campaign of April 25 to May 2 for the glory of God.

Receives Buick Sedan.

R. W. Hume, distributor for this section, has recently delivered to E. A. Atkinson, the prominent feed dealer at Stamford, a five passenger Buick sedan with which he is well pleased. C. L. Shearer has also purchased of Mr. Hume a new roadster. Evidently Buick popularity never wanes.

WHAT'S DOING AT WEST END

Mrs. Elmer Bagley's Picnically Surprised by Friends and Neighbors Yesterday—Easter at Plains Church.

Mrs. Elmer Bagley of the Plains was given a surprise party Thursday night by about 20 of her lady friends from the Plains, South Side and the Plains. Mrs. Bagley formerly lived at Colliers, and her friends were heartily welcomed. A delicious dinner was served, and a delightful evening was spent together, with Mrs. Charles Youngson of South Side acting as toastmaster, passed the day all too quickly. The guests on departing wished for many more similar happy meetings.

Easter at Plains Church.

The Plains Methodist church will have special Easter music at the services Sunday at 2 p. m. together with Communion, and Baptism, and reception of new members.

MRS. CRAWFORD OWS DIVORCE.

Former Resident of Oneonta Awarded Divorce from Albany Lawyer.

Supreme Court Justice Harold J. Highman has granted a divorce to Mrs. Mabel Crawford from her husband, Henry J. Crawford, an Albany lawyer, on statutory grounds, namely, neglect of duty and desertion. Mrs. Crawford is given the right to resume her maiden name, Mabel Taylor. The papers were filed in Schenectady county. There was also filed in the county clerk's office in Albany yesterday a deed of the Crawford home on Madison avenue, Mr. Crawford transferring this property to his wife. Some time ago her father, S. H. Taylor, who held a mortgage on the property, notified Crawford that he would proceed to foreclose.

The marital affairs of the Crawfords have been more or less in the limelight for several months. Recently both Crawford and his wife were arrested in Reno, where it was said Mrs. Crawford had gone to begin divorce proceedings and where Crawford followed her with an adopted child. When the couple met, there was a mixup, in which an umbrella was used. The police interfered and the parties all went to the stationhouse, where their troubles were set out for the press.

After that Crawford was ordered by the court to pay his wife a certain sum weekly. The case was to have gone to trial in the supreme court before the term finally adjourned, but it was put over.

Brings New Truck from Cortland.

Definite information regarding highway conditions in Central New York was brought last evening by M. Johnson of 15 Academy street, who arrived in Oneonta with his new 1½ ton White truck, which he drove to this city from Cortland via Owego and Binghamton. The highways, he states, are in generally good condition from Cortland to Owego, and save for a distance of about six miles between that city and Binghamton. From Binghamton he came without difficulty over Indian hill, finding the road all right there and also through Afton and Bainbridge to Oneonta.

Mr. Johnson's new truck, which is a handsome outfit painted in red and battleship gray, and with large capacity, is already in service, having brought a load yesterday from Owego to Oneonta.

Like schools and churches. Yes; and if you use your brains further, you'll find a few unselfish Ononts men who are working with me and who are giving of time and ability for the common good. It would also be a darn good thing for you to think further and find out how the state and Uncle Sam are helping me and asking that I make people see the hole in the ladder. Good day. PRIMARIES AND THE CALENDAR

Voting in Ononts County Doubtless Will Be on Standard Time.

There has been considerable inquiry in Ononts county, where daylight saving time is quite generally disregarded, as to what the legal hour for opening and closing the polls of the primary election will be on Tuesday next. According to law, the polls are to open at 7 o'clock in the morning and close at 5 o'clock at night. The real difficulty is to know when these hours come—in other words, which time is to be regarded.

The matter, it is understood, was taken up by a representative of the county board of election commissioners with the office of the secretary of state at Albany. The reply there received, while not very definite, was in effect that the office, in view of the general unsettled condition, make no ruling thus leaving the various boards of the state to choose their own time.

Since the state authorities have not put to a fine point on it, shirked their responsibilities, it is understood that in the county of Ononts standard time will generally if not entirely be used. Those who on Sunday last set their watches along should bear this in mind.

Secretary Walter Bevelist Invitation.
Secretary Walter of the Ononts Chamber of Commerce has received an invitation from the secretary of the American Committee for Devastated France to attend the annual meeting of that association, which will be held in the assembly room of the Cosmopolitan club of New York on Wednesday, April 7th. This society is rebuilding villages and doing other similar work in France and is one of the funds for which the local War Chest made appropriations during the war. Those in attendance at the conference are also invited to attend a luncheon to be given on the same date at the home of Miss Anne Morgan, sister of J. Pierpont Morgan. Owing to the pressure of business connected with his office, Secretary Walter will not attend.

When Fishing Begins.

Though today is first of the fishing season, no great enthusiasm on the part of Ononts anglers was apparent yesterday. On the other hand, the general expression was that the water was too high, too roily and too cold for anybody to expect much luck in the gentle sport of the late season. Walton, and for this reason they would husband their strength and wait, and go when conditions seemed more auspicious. However, it is unlikely that some of them were camouflaging, and that before other folk are awake they will steal away to catch the trout on Charlotte or the Oleod, or at a venture cast a hook in Horton's or some other brook.

EAGLE SHIRTS

It is our business to know good merchandise. We recommend Eagle Shirts.

Experts have experimented in the maker's own mill with designs, colors and varieties of yarn to achieve exceptional patterns—as if pattern were everything. Fabrics have been woven in the maker's mill where they are conceived—with as much care as though beautiful cloth were the only consideration. This manufacturer of over fifty years' experience has been constantly bettering every detail of cut and tailoring—as if workmanship alone would sway a man.

We know these things. That is why we believe in Eagle Shirts. That is why we want you to see our window display of Eagle Shirts; why we want you to come in, examine them, buy them, wear them. You'll understand then why we recommend them so heartily.

Every shirt the ultimate in value

Easter Over There.

To wasted fields far over there
Where long white lines of
crosses are,
Shall sunshines come and
showers;
And God will walk where
crosses are,
And that lone land, denuded,
bare,
Shall emerald be—a green pa-
terre,
All radiant with flowers.

Japan, The Sunrise Kingdom.

Dr. Russell will deliver an illus-
trated lecture Sunday evening at 7:30 in
the Sunday School auditorium of the
First Presbyterian church on The
Sunrise Kingdom, illustrated with
over 60 colored slides. This unique
and progressive kingdom that is com-
manding the attention of the whole
world today, will be presented from
many points of view. The home, the
shop, the farm, domestic and social
life of the people, their strange reli-
gious customs and modern missionary
methods of work. Everybody invited.

LOCATES IN ONEONTA.

Dr. Ray D. Champin to Open Office
at Residence at 23 Ford Avenue.

The many friends of Dr. Ray D.
Champin are glad to learn that he
has decided to locate permanently
in Oneonta, and while not entering
upon a full practice he will spec-
ialize in obstetrics and diseases of
children. Dr. Champin will occupy
the residence named, Mr. and Mrs. A.
B. Williams, removing across the
street to the property they recently ac-
quired.

Dr. Champin comes to the city
well recommended and well equipped
for his profession. After graduating
from the University of Maryland in
1917, he enlisted in the Medical Corps
and served throughout the war. Since
his discharge from the service, he has
been engaged in post graduate work
at the Nursery and Child's hospital
in New York city, where for more
than a year he has had special oppor-
tunity and advantages for study and
practice in the lines in which he is to
specialize.

He will require a few days to ar-
range his office and residence, but
hopes to be ready to commence prac-
tice about April 16.

Mrs. Millard's Funeral Sunday.

Funeral services for Mrs. May Mil-
lard, whose death was reported in

60 YEARS A SHOEMAKER.

John LaDuke, 57, Dies at Home of
Daughter, Mrs. J. J. Lynch.

John LaDuke, for practically his
whole life a resident of Jefferson
county, died Thursday night at 11:15
at the home of his daughter, Mrs.
James J. Lynch, 10 Union street, of
the marasmus of age. The body will
be shipped this morning on the D.
& H. for Harrisville, Lewis county,
where the funeral and burial will take
place next Monday.

Mr. LaDuke was born in Montreal,
Canada, 67 years ago, of French par-
entage. When a young man, he came
into the United States, secured nat-
uralization papers, and shortly after-
ward married Catherine Magoon of
Ebens Mills, who died 16 years ago
at the home of Mrs. Lynch in Oneon-
ta. Mr. LaDuke spent most of his
life in the vicinity of Carthage and
followed the shoemaker's trade for
60 years. His father before him had
been a shoe maker and this probably
accounted for the fact that he was
one of the best shoe makers in that
section of the state, being considered
an expert.

He had a good physique and ex-
cellent health, for he remained at his
bench nearly every day until he was
52 years old, when he retired and
since then had been living with his
daughters in Oneonta and Schene-
ctady. He was a remarkable man for
one of his years and had been in good
health until about a month ago, when
he was forced to take to his bed and
since which time he had been slowly
falling.

Mr. LaDuke is survived by three
children, Mrs. Lynch of this city, Mrs.
Harold Weed of Schenectady, and
Frank LaDuke of Geneva; and by
seven grandchildren, four living in
Oneonta, two in Geneva and one in
Schenectady.

Making Study of Genetics.

In order to learn more about inheritance in cattle and other animals, information is wanted by L. J. Cole, of the genetics department of the Wisconsin college of agriculture, about the similarity of the duplicate parts of double monsters, such as double-headed calves, or calves with one head and two bodies. This will help in a study of twinning and other related phenomena.

This information can best be obtained, says Mr. Cole, from specimens with white markings, where a comparison can be made of the extent and shape of the two parts. These freaks are often mounted or preserved and the genetics department would appreciate information as to where photographs or sketches can be obtained. This material will help toward a understanding of some problems in inheritance in cattle and other animals.

RURAL CHURCHES IN BAD PLIGHT, REPORTS SHOW

Ma., Dying in East, While Vast Regions in West Are Without Any Pastors.

EXPERTS STUDYING HOW TO OVERCOME DANGERS

Baptist State Conventions Plan Vigorous Action—Will Try Out Community Centers to Increase Efficiency.

How to meet the problem of the rural churches is a task which is arousing the concern of the General Board of Promotion of the Northern Baptist Convention. Surveys recently made by representatives of the convention reveal that in some sections many of these churches are gradually dying. It was also shown that the outlook for others is far from promising. This is particularly true in the East. In the Western states the need is for the establishment of churches in the hundreds of new communities which are springing up.

The seriousness of the problem becomes more apparent when a glance at the United States Census report shows that in 1910 the number of persons on the farm was 49,348,383 as against 42,626,383 persons living in cities. This is further emphasized by the figures revealed in 1917—that the number of persons engaged in agricultural pursuits and in animal husbandry was 19,070,848.

"The rural churches," says the report, "have long been the fountains of our life. We cannot afford to let the springs dry up. Our churches are the firebrands of the Christian family. . . the schoolrooms where the Church educates its people and leads them into all the truth. . . Our buildings ought to be an adequate reflection of the life and strength of the churches. A small church with meager resources may of necessity be compelled to do with an inadequate plant. But a church of strength and power ought to have a home that will reflect its life."

And to help the state conventions which supervise the work in their own states men are being employed to give their whole time, effort and study to help solve the problem. Other measures planned to help meet the need are increases in ministers' salaries, the establishment of community centers and the use of community churches when other means are inadvisable.

Excerpts from the plans of the state conventions show how urgent some of these bodies regard the plight of the rural church. A few of these follow:

New Hampshire—"Strengthen rural churches." Connecticut—"Work out federation or community church plans to meet the desperate country church situation." New Jersey—"Establish two or three rural parish centers as experiments for solving the rural problem and six or seven foreign community centers." Wisconsin—"Develop the rural churches, making them vital factors in community life." Ohio—"Employ two new district missionaries."

Indiana—"Employ an expert on rural work. . . erect at least seven churches and community buildings for the new Americans." Illinois—"Develop rural work." West Virginia—"Strengthen the missionary work at many points and enter new fields."

Minnesota—"Develop two or three rural centers." North Dakota—"Raise standards of salaries of missionary pastors." Montana—"Appoint two pastors at large, a general evangelist and several rural experts, Sunday school director and association missionaries." Idaho—"Open several stations in the new irrigation tract." Utah—"Employ two new missionaries." Eastern Washington—"Increase missionary staff 33 per cent, increase salaries and occupy many destitute fields." Oregon—"Inaugurate at once new work in many fields now opening up. Great districts with hundreds of people have no church nor missionary. Employ several general missionaries and a superintendent of evangelism."

Costly Orchids. Nearly all the orchids found in Burma can be grown with a little care and attention in private gardens. There is one exception, a sweet-smelling species called tazia by the Burmese, and which is usually brought to market in Christmas week in Rangoon. It only seems to flower in the most marvellous and least frequented localities, and at a time of the year which is the tiger's mating season, and when they are most dangerous to human beings. It is in great demand by Burmese, and sells for its weight in silver.

Ahead of Engagements. Mary, who is the baby sister of girls in college, looks forward with delight to their week-end visits home and devotes herself entirely to them at such times. Recently, her sister noticed that as Mary knelt to say her little prayer she hurried through it, then began again and so on until she had repeated it almost breathlessly four times. Finally, she arose and exclaimed: "Now, I am prayed up for four nights and we can visit."

New York's Indian Reservations. There are Indian reservations at Erie, Cattaraugus county; Oneida reservation at Oneida; Oondaga reservation, Syracuse; St. Regis reservation, Franklin county; Shannock reservation, Southampton, L. I.; Tonawanda reservation in counties of Erie and Genesee, and the Tuscarora reservation in Niagara county. Some of these reservations are quite large, running up to 7,800 acres. They are open to visitors almost any time.

LADEN WITH SPOILS OF WAR

Chicassaw Who Worked With Allied Forces in France a Wonderful Sight When He Returns.

Pick and spade heroes of the Chinese republic, who soldiered so hard in France for an allied victory, are returning to the homeland with the choice pickings of the salvage piles of Europe on their backs. The House Sector gives this picture of the returning coolie sports; "There are two obvious signs which make it plain that great things are stirring in these hitherto unstirred parts. One of them literally smites the eye as soon as the returned warrior steps down the gang-plank of the coolie transport at Tientsin or Shanghai. Dizzily arrayed in the sartorial pickings of all the earth, they are a fearsome wonder to behold. American overseas caps and Scottish kilts, French shoes, swagger sticks, a chasseur hat set rakishly on the ear and a bird cage in hand in the manner of the native tea-house, sometimes even a Sam Brown belt—it is a wild medley of the customary and appearances of all the world and all times.

"The little children run before them in terror, the aged resign themselves to the coming of the long-forbidden evil spirits, seeking vengeance for the joss stick left to go out before the village god."

War Prisoners Returned.

One hundred and ninety thousand prisoners of war, including 43,110 officers, have been repatriated from French camps since January 20, according to an announcement from the French war office.

Indian School Girls Have Queer Names

Stonx City, Ia.—Girls, if you happen to be under the impression that yours is a queer name, just look the following list over to see what outlandish ones some of the Indian maidens at the Pine Ridge Reservation school may have to bear, who knows, all through life. Here they are, look 'em over: Victoria Holy Rock, Julia Afraid of a Hawk, Mary Brown Ears, Julia Crazy Ghost, Merry Yellow Shirt, Emma No Fat, Ella Red Eyes, Julia Stands Up.

THE MOST BEAUTIFUL CAR IN AMERICA

The Ideal Five-Passenger Car

Whether the Paige Glenbrook is chosen solely because of its beauty or rather because of its mechanical excellence, a full measure of satisfaction is assured to its owner in either case.

For it is well known that, in Paige cars, beauty and efficiency go hand in hand.

The same skill in car building which is responsible for making the Glenbrook a vehicle of exceptional grace is likewise responsible for making it an exceptional car from the mechanical standpoint.

In body, power plant and chassis, it is distinctly a Paige product—setting standards of comfort, economy and dependability such as have never before been present in a car of moderate price.

Although it has been before the public no more than four months, it is destined, we believe, to revolutionize the Light Six field.

Its new six-cylinder motor—designed and built in our own shops—is a feature which, in itself, entitles the new Paige Glenbrook to a place at the head of America's finest five-passenger motor cars.

When you see this latest Paige model and ride in it, you will agree with us, we believe, that, from a mechanical as well as an artistic point of view, there is no finer five-passenger car on the market today.

That this is now quite the general opinion among motorists is indicated by the number who have already made arrangements for Spring deliveries.

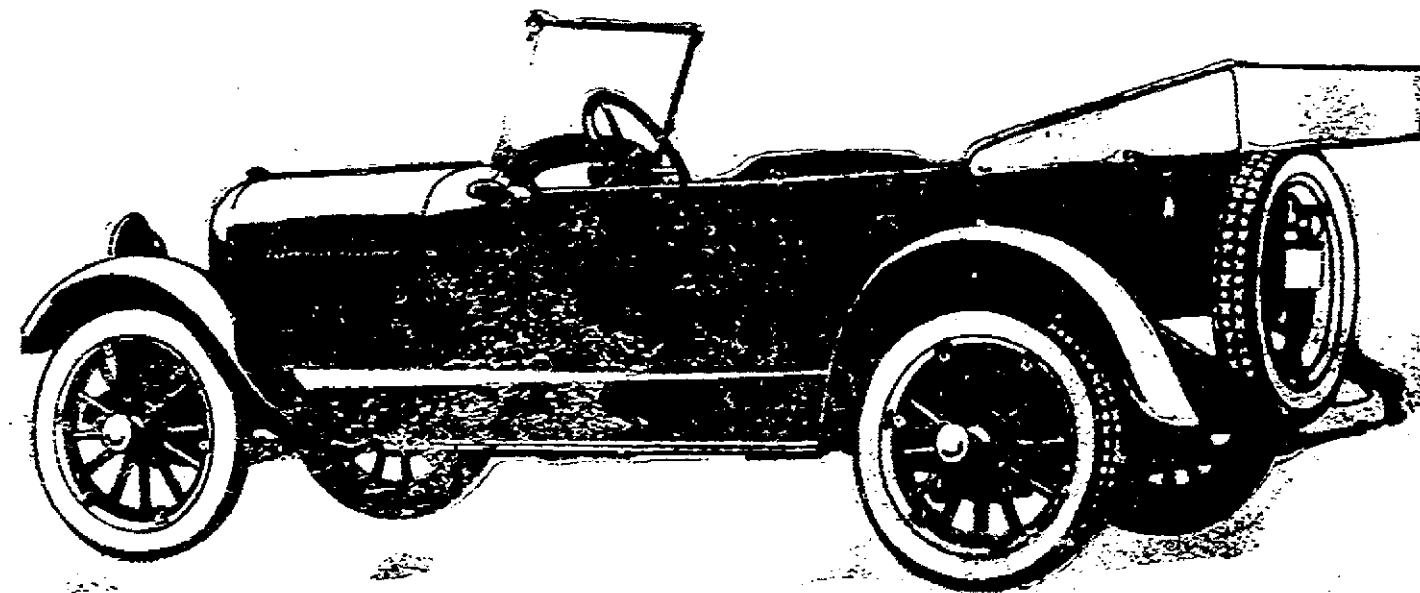

Let us suggest that you give early consideration to the question of placing your order with our dealer while it is still possible for him to take care of your requirements.

DELAWARE COUNTY NEWS

A SUBTERRANEAN FLOOD.

Water From Unknown Source Fills Basements in Delhi.

Delhi, April 2.—All cellars and basements on the western side of Main street for two blocks south of the post office corner are flooded with water. The basement occupied by Albert Thompson as a billiard and card room, containing five pool tables and two of card tables, is flooded to a depth of the tops of the pool tables and the card tables are about ready to float. There has always been the favorite game of this town, but now it would seem "bridge" would have to be substituted. At two or three points, gasoline engines are driving pumps and have been for many hours, but as yet the pumps don't seem to have much more effect than a dipper on the ocean. This flood is not caused by surface water, but comes from some subterranean source.

Mr. and Mrs. Salton Remembered.

About 29 classmates of Mr. and Mrs. Robert Salton (when they attended school in Delaware academy) gathered at the home of Mr. Salton's mother, Mrs. Margaret Salton, in Delmar, on Wednesday evening, and renewed "old times." The evening was spent in talking over the different happenings of school days. As a reminder of friendship and the esteem in which they are held, a beautiful sterling silver carving set was presented to this worthy young couple. A delicious supper was served to the guests, who took their departure in time to take the 9:15 train for Delhi.

Local Happenings.

A son was born Thursday to Mr. and Mrs. James Gracey of Irish Hill. Miss Marian Gibson, a student at Syracuse university, arrived home on Wednesday evening to spend Easter with her parents, Mr. and Mrs. John W. Gibson.—Dr. and Mrs. Courtland

FORMER DAVENPORT WOMAN.

Mrs. Julia Denend Passes Away at Home of Daughter in New Jersey.

Davenport, April 2.—A telegram received here Thursday evening brought the sad news of the death of Mrs. Julia Denend at the home of her daughter in New Jersey. No particulars were given. The body will arrive in Davenport this evening and funeral services will be held in the United Presbyterian church Saturday noon, with the pastor, Rev. R. R. Irwin, officiating. Burial in the village cemetery.

Mrs. Denend's passing will be learned with deep regret by her large number of friends in Davenport and vicinity, for up until about two years ago she had been a life-long and highly respected resident of this community, being the daughter of Mr. and Mrs. David Taylor. When in young womanhood, she married Mr. Denend and they settled down on a farm between here and the Center. Here they resided continuously until Mr. Denend's death about two years ago, when the widow went to live with her daughters. She was a member of the United Presbyterian church here.

Mrs. Denend survived by two daughters, Mrs. George Tatro and Miss Grace Denend, both of New Jersey, one son, Ezra Denend, of New Jersey, and two sisters, Mrs. J. A. Seides of New York city and Miss Esther Taylor of New Jersey.

Bertram Roberts Takes Partner.

Bertram Roberts, who has been conducting a general store in this village for the past six years, has taken Walter Graig into partnership, and commencing today the firm is known as Roberts & Graig. Mr. Graig is an exemplary young man with a host of friends in Davenport who wish him great success. Rumor has it that he is contemplating in the near future announcing a partnership on his own account.

Special Easter Services.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak, languid, had no energy and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and took six more. I have never had more trouble in that respect since. I have done all kinds of work at present am attending at a St. Hospital and am feeling fine. I recommended your Vegetable Compound to dozens of my friends and shall always recommend it." LILLIAN T. THAYER, 824 S. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

It's not advisable to take any chances on your health, any number of cases where a man took a chance without his overcoat before the chill was out of the air, who is now wearing a wooden one. If your winter coat is too heavy we'll sell you a lighter one, plenty of use for it this spring and next fall. Some new ones just in that are pretty fine and not too high priced. Spencers. advt 2t

Don't Let Lightning Get There First

In view of the abnormal cost of labor and material, the protection of property from lightning is vitally important this year—even more important than insurance, since prevention of loss saves the property entirely, while insurance only partially repays and does not replace.

Shinn-Flat

Lightning Rods Prevent Lightning Losses

Lightning cannot be prevented, but it can be controlled. For lightning can't strike if Shinn gets there first.

We are the representatives in this community of the well known Shinn System of Lightning Protection. It surely does prevent Lightning Losses. We give a Cash Bond to the owner of every building we protect guaranteeing that lightning will not strike. Ask for a copy of the book on Shinn-Flat, explaining the Cause and Control of Lightning. It's free.
